

To High School Wrestling Coaches & Club Coaches:

It is with great pleasure that the Clear Springs High School Wrestling Booster Club presents the fourth annual Super 32 Qualifier Texas Edition, and the third annual Women's Super 32 FREESTYLE qualifying Tournament. As we continue to grow as a wrestling community in the great state of Texas, we need your help in making this tournament a premier pre-season tournament in the southwest. Last year we saw our numbers grow by 83 participants, but very few Texans participated in the actual Super 32 Challenge in North Carolina. After speaking with the tournament director for the Super 32 Challenge about our growth in the sport of wrestling, we are convinced Texas is headed in the right direction, and will be a force in our great sport on a national level really soon as demonstrated by the amount of Texas wrestlers who qualified for the NCAA's this past season. It is imperative we expose our young ladies and men to the best competition in the country, and we are attempting to start that trend by setting up tournaments such as this. Please come support our pre-season tournament, as we do our part to make Texas wrestling strong. Super 32 has now added a women's division to this year's tournament and will be freestyle. If you have aspirations of competing in the actual super32 qualifier or just want to get some preseason mat time, this is the perfect tournament as the actual super32 filled up in 13 minutes last year. (TOP 4 EARLY ENTRY)

Yours in Wrestling,
Clear Springs High School Wrestling Booster Club
